

PRE-EVENT

Moving from What to How: Implementing and Monitoring the New Urban Agenda

The Habitat 3 process created a consensus on what cities should aim to be, but it is still unclear how to achieve that. Mayors, academia, NGOs and civil society will discuss the local capacity to accomplish the “how”, what policies and practices have been implementing NUA already and how monitoring and data analyses efforts can facilitate and push for this process at the local level.

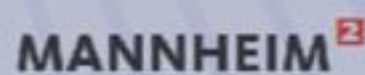

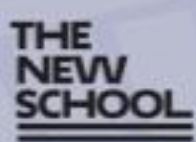

Date: February 6th, 2018 [Tuesday]

Time: 1 PM - 6.30 PM

Place: Corus Hotel Kuala Lumpur

Jalan Ampang, Hampshire Park, 50450 Kuala Lumpur, Malaysia
