

Estimadas,

Copio información sobre llamado a estudiantes de PhD para presentar su investigación en workshops 'CONNECTED POWER: Change, Power & Network Industries', a realizarse durante los meses de mayo y junio en la Universidad de Cambridge, Reino Unido.

Muchos saludos,

Nicolás Valenzuela Levi
PhD Researcher in Land Economy
University of Cambridge

Subject: CALL FOR PHD PRESENTATIONS - 'CONNECTED POWER: Change, Power & Network Industries',Hi:

The following information could be of interest for your PhD students.

Best wishes,

--

Nicolás Valenzuela Levi
PhD Researcher in Land Economy
University of Cambridge

CALL FOR PHD PRESENTATIONS: DEADLINE 7th OF APRIL

The series 'CONNECTED POWER: Change, Power & Network Industries', will explore the future pressures network industries may face due to climate change, migration, and wider development issues. It will also consider how they might adapt, and the political economy of change, i.e. how does change happen, and which actors may facilitate or hinder necessary change? Each workshop will focus on a different network industry, and feature a keynote speaker, up to two short presentations from graduate students, and time for questions and discussion.

WE ARE LOOKING FOR PHD PRESENTATIONS TO JOIN OUR KEY SPEAKERS (READ BELLOW).

Each workshop will start with a 30min keynote speech, followed by up to two 15min related graduate student presentations, leaving 30mins for questions and discussion. There will then be a drinks reception, to allow attendees to informally continue any discussions.

We are extending our invitation primarily to students who live in the area of Cambridge since no funding is available for covering PhD presenters' travel costs. However, students from outside Cambridge are welcomed to apply if they can cover their own travel expenses.

Please send title+abstract proposals to nv284@cam.ac.uk as well as any questions. Deadline for submissions: 7th of April

Facebook event:

<https://www.facebook.com/events/392546424452854/>

Confirmed Key Speakers:

Telecommunications - 10th of May - Sanna Ojanperä, University of Oxford

Transport - 17th of May - Daniel Oviedo, University College London

Energy - June 7th - Stephen Hall, University of Leeds

Pending confirmation: Waste, Water (May 24th and May 31st)

Venue: Clare College and Department of Architecture, Cambridge

This is a student-led project sponsored by the Department of Land Economy, University of Cambridge.
