

**DEAR FRIENDS**

It's a pleasure to share with you this important news.  
Thank you so much for your attention and collaboration in this international project.

**NetScientificJournals**

**Acceptance of 'EdA | Esempli di Architettura' in the [NetScientificJournals.com](https://www.netscientificjournals.com) database, the smart platform for Scholars, Researchers, Editorial Committees, Scientific Committees and Publishers of Journals and Conferences**

Dear [Olimpia Niglio](#) and [Publisher](#),

with this email, we are pleased to inform you that [we have added your journal \*\*EdA | Esempli di Architettura\*\* \(J48-2020-EDA\) on \[NetScientificJournals.com\]\(https://www.netscientificjournals.com\)](#), the free Smart Scientific Journals Portal, a virtual international Library with a wide (and continuously growing) collection of scientific journals, publishing essays, research and experimentation on [Architecture](#), [Civil Engineering](#), [Design](#), [Energy Systems](#), [History of Architecture](#), [Representation](#), [Restoration](#), [Technology](#), and [Urban Planning](#).

NetScientificJournals.com is a smart new tool useful for

- [Editors and Publishers](#) interested in promoting their Journals, Calls for Papers and Events/Conferences in a wide international scientific Community;
- [Scholars and Researchers](#) interested in finding – through its constantly updated database – useful information on their research subjects and in identifying Journals and Events/Conferences on which to publish the results of their research, experimentation, and essays, and best planning and managing the various editorial deadlines through regular alerts set by the user.

[The service is free of charge and does not require to be registered on the portal.](#) Please, check the page of your Journal and the data you entered and notify us of any change by sending the [form](#) you will find attached to this email – within the next 10 days to [info@netscientificjournals.com](mailto:info@netscientificjournals.com) – [completely filled in](#). If your Journal publishes Calls, please check them too. And, should you make any change, send us the filled [form](#).

Currently, the portal publishes **141 Scientific Journals**, **415 Calls for Abstract/Papers** and **26 Events/Conferences**, while our mailing list includes **22.454 Scholars and Researchers** from the most important Universities in the world. [If you want to recommend others or know other Publishers, Editorial or Scientific Committees that](#)

might be interested in having their Journals or Conferences included in the [NetScientificJournals.com](http://NetScientificJournals.com) database, don't hesitate to forward this mail to them or send to us the files filled in with all the necessary data. For new Journals, please, send also the logo of the journal in jpg format (10.5x3.5 cm) and at 300 dpi resolution.

The service is promoted by [Demetra Ce.Ri.Med.](http://Demetra Ce.Ri.Med) a non-profit Euro-Mediterranean Documentation and Research Centre established in 2013, which carries out studies and research on the territory, landscape, city and architecture, also aiming to recovery, preservation, restoration and boost of tangible and intangible Heritage. At the same time, [Demetra Ce.Ri.Med.](http://Demetra Ce.Ri.Med) is active in the dissemination of studies and research through scientific publications, exhibitions, conferences, seminars, reviews and workshops, but also through digital platforms aimed at Scholars and Academics of the International Scientific Community.

We hope that the opportunity presented by the platform can arouse your interest and contribute to greater dissemination of the contents of Journals and Conferences, and to broader participation to the Call for Abstracts/Papers.

Note: the next calls will only be published on our platform if you send us the completed [\*\*form\*\*](#).

Best Regards,

Prof. Arch. PhD Cesare Sposito  
Arch. PhD Francesca Scalisi
