Description

Dartmouth College invites applications for the César Chávez Postdoctoral Fellowship. The Fellowship supports scholars whose research addresses aspects of Latinx experience and culture. Particular attention will be given to candidates whose work augments and complements current faculty in Latin American, Latino, and Caribbean Studies (LALACS). Applicants will be selected on the basis of their academic achievement, promise in both research and teaching, and their demonstrated commitment to educational diversity. Applications from candidates who are underrepresented in their fields are especially welcome.

Chávez Fellows are part of the Provost's Fellowship Program, a multidisciplinary cohort of approximately ten predoctoral and postdoctoral scholars who share a commitment to increasing diversity in their disciplines. Fellows participate together in mentoring and professional development programming, including guidance in preparing for faculty careers.
