

This position is a great opportunity to work as part of an international team grappling with a variety of sustainability issues in Global South cities. A great place for urban geographers who are into critical development, decolonisation issues, etc..

Subject: APPLY NOW: Research Associate Development Studies - GCRF Sustainable Cities Centre at University of Glasgow

Dear Colleagues,

Are you interested in cities, urbanisation and international development? We need you!

The GCRF Centre for Sustainable, Healthy and Learning Cities and Neighbourhoods (SHLC)*, based at the University of Glasgow, is **looking for a new Research Associate with experience in Development Studies** to join our international team and explore **fast-growing cities across Africa and Asia**. SHLC's Research Associate in Development Studies will **join an interdisciplinary team** of 50 experts from a range of countries including Bangladesh, China, the Philippines, Rwanda, South Africa and Tanzania.

Find out more about the role and **APPLY ONLINE by 14 June**: <http://bit.ly/SHLCDevStudies>.

If you have any questions, or would like to learn more about the role, please do not hesitate to contact the SHLC project team at: shlc-info@glasgow.ac.uk.

** SHLC is an international consortium of nine research partners aiming to strengthen capacity to address urban, health and education challenges in neighbourhoods across fast-growing cities in Africa and Asia. Our partners include: University of Glasgow, Human Sciences Research Council, Ifakara Health Institute, Khulna University, Nankai University, National Institute of Urban Affairs, University of Rwanda, University of the Philippines Diliman, University of the Witwatersrand. SHLC is funded via UK Research and Innovation as part of the UK Government's Global Challenges Research Fund.*

Best wishes,

Gail Wilson | Senior Business Manager
