

IV WORLD PLANNING SCHOOLS CONGRESS
RIO DE JANEIRO, July, 3rd to 8th, 2016

2nd Reminder

Some information about the submission process

I think it might be, perhaps, interesting for you to know a little bit more about the current status of submission and dissemination processes of the Congress. See here below some information on this regard:

1. Author submissions (from those who declared their institution)

a. Authors

So far, at October 9th, we received the register of **221 authors** who already submit their abstracts or intend to do so in the future. This seems not bad considering that there are still 10 days until the closing of the submitting period.

b. Institutions (alphabetical order)

Not all authors indicated the institution to which they belong. There were multiple inscriptions from various authors of the same institution.
