Ref 20210455

Postdoctoral position in Urban design and Transport planning

2 year postdoctoral position to review street design typologies and guidelines to support holistic street design and impact assessment, promoting the integration of urban design and traffic planning in practice.

<https://www.chalmers.se/sv/om-chalmers/Arbeta-pa-Chalmers/lediga-tjanster/Sidor/default.aspx?rmpage=job&rmjob=9848&rmlang=SE>

Please circulate to suitable candidates!

The application deadline for both positions is the 1st of December 2021.

Kind regards,

Jorge

Jorge Gil

Associate Professor | Docent

Urban Analytics and Informatics

Spatial Morphology Group (SMoG)

Division of Urban Design and Planning
