Register here: www.bit.ly/CJ-19Oct

Speakers

Emmanuel Osuteye, LL.M, PhD - Identifying solutions, measures, policies and strategies by communities, civil society organizations and governments

Emmanuel is an Associate Professor of Urbanisation and Sustainable Development, based at The Bartlett Developing Planning Unit, University College London (UCL).

Abeer Butmeh - Knowledge of the methodologies and tools by which society operates in order to further the interdependence of struggles

Abeer is water and environmental engineer, currently, she is the coordinator of PENGON-Foe Palestine.

Astrid Puentes Riaño - Highlighting the most important priorities that can be worked on regionally and across regions

Lawyer with expertise in environmental law, human rights and climate change, and the intersection of these, with a climate justice, diversity, equity and inclusion perspective.
