

5th Cuban Local Development Congress

“Articulating strategies for a sustainable local development.”

1st Circular Letter

The Organizing Committee invites:

Professors, researchers, students and business men from the national and international community to participate in the 5th Cuban Congress of Local Development to be held at the Hotel Sierra Maestra Bayamo, Granma Province, Cuba, from 4 to 6 March 2015. We intend to present the scientific advances of international scope in various fields of knowledge, exchange experiences and strengthen relations in the field of research and technological innovation. The event includes experts conferences, panels, round tables and posters
