

Dear Colleagues,

I would like to inform you about the forthcoming application deadline for the Regional Studies Association (RSA) Research Network grant. RSA Research Networks are formed by RSA members interested in collaborating to examine an issue that responds to the aims and goals of the Association, and which is of interest and concern to both members and non-members. These issues need not necessarily to have a direct policy focus, but the examination would normally lead to policy-related conclusions.

The Research Network must be organised and managed by RSA members. All organisers must be and remain members of the Association throughout the entire duration of the Research Network. They should come from different countries and can be from any membership category. The Association will consider Research Networks proposed by students and early career researchers as well as those in the other categories of membership.

In the application, you are asked to list your proposed events (at least 4 Research Network events), including dates and locations. The Association strongly encourages events to be organised in different locations throughout the world. Additionally, you are asked to organise at least two Special Sessions held at one or two RSA conference(s).

Forthcoming application deadline: 30th September 2018

More information about this grant scheme and the application form is available on the website:
<https://www.regionalstudies.org/funding/research-network-grant-scheme/>

Please feel free to forward this message to anyone who might be interested.

Please do not hesitate to contact me if you have any queries.

Kind regards,

Klara

Klara Sobekova
